- Save the catalog zip file to a location you can easily find it, like your desktop.
- Once complete, close out of website completely.
- DO NOT UNZIP THE CALALOG FILE FOR ANY REASON. It is totally unnecessary.

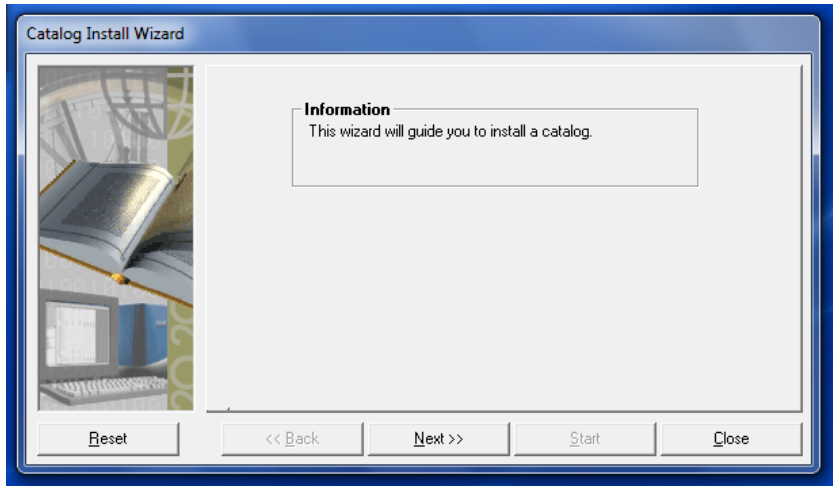

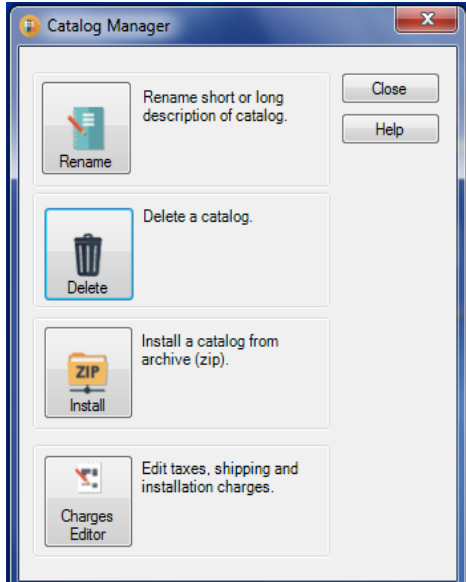

Install Catalog into 2020 Program:

- Close 2020 completely, double Left click on "**Catalog Manager**" icon.

- Select "**ZIP - Install**" then NEXT at the bottom right corner.

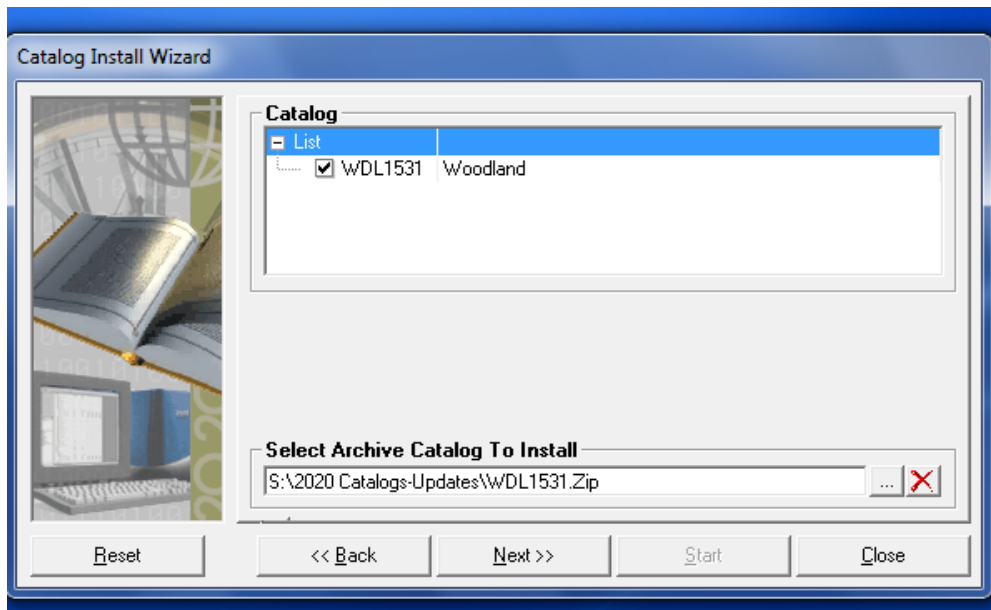

Double LEFT click on ZIP (Install)

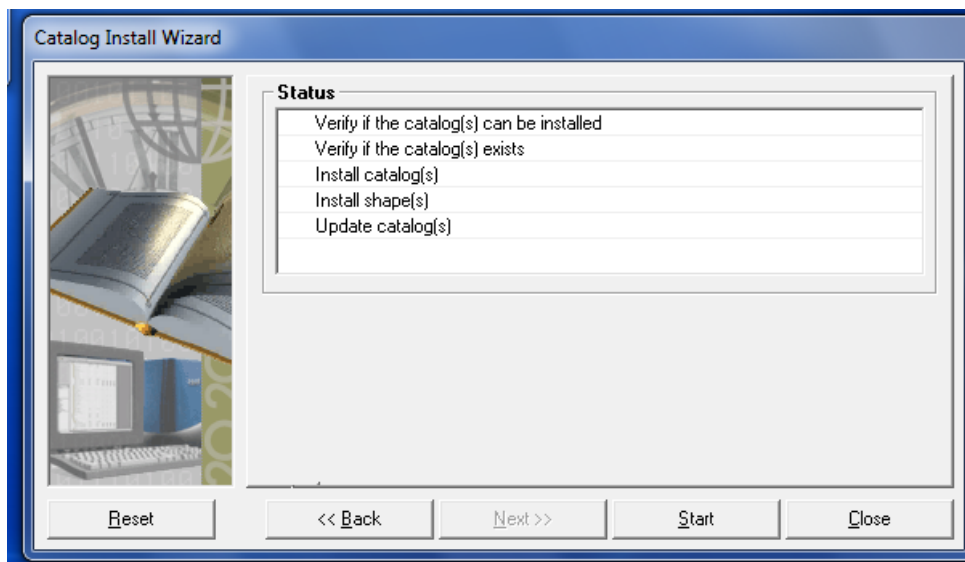

- Click NEXT >>

- Click Browse(3-dot icon) and select the catalog zip file in the windows dialog box.

- Locate the Woodland Catalog from downloads or desktop and double click on the catalog and it will show up as above.
- Click on **Next>>**
- Click on **Start**

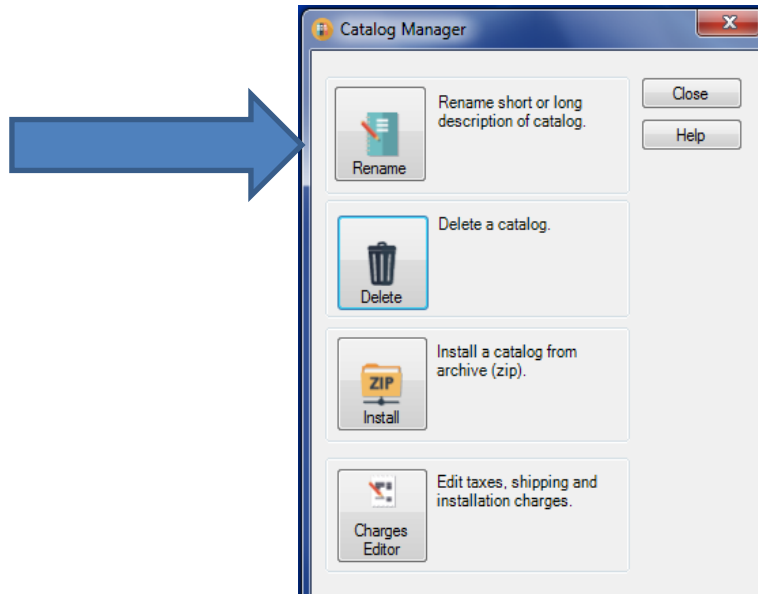

- The Catalog will install
- Once installed it will tell you it is complete

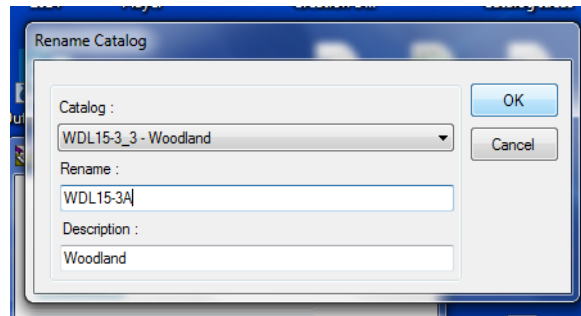

Create Multiple Copies of Catalogs

This is a 2-step process:

- Rename the catalog you just installed into your 2020

- Click onto down arrow to find the catalog you want to rename.
- Then click on Rename and add A, B, or C.

- Then click OK
- You will return to the Catalog Manager, click on **Zip Install** and follow the steps as done for first install.
- You can multi load as many catalogs as wanted, you need to Rename catalog in 2020 before you can install another catalog.
- *This allows you to design using different styles, specie & finish within same design.*
