

DreamBook

Experience the Woodland way

**Our values help us stay true to a singular focus;
building a dream kitchen for every customer.**

Woodland strives to exceed expectations with high-quality, fashion forward cabinetry that reflects your personal style.

We are proud to be 100% employee owned and the number one employer in the small town of Sisseton, South Dakota. Our employees are our most valuable resource; producing high-quality American-made custom cabinetry since 1994.

We're doing our part to ensure a better tomorrow. Woodland is committed to reducing our carbon footprint by reducing energy usage, improving air quality, and reducing our waste stream.

At Woodland, we offer both Woodland Cabinetry and Artizen Cabinetry. Each line offers a wide selection of door styles and finishes from traditional to modern; the possibilities are endless. Your dealer will assist you in choosing the line that captures the look you've been dreaming of.
